BizTalk Server Tutorial

Tip: Installing / Adding Business Activity Monitoring (BAM) Add-In to Microsoft Excel
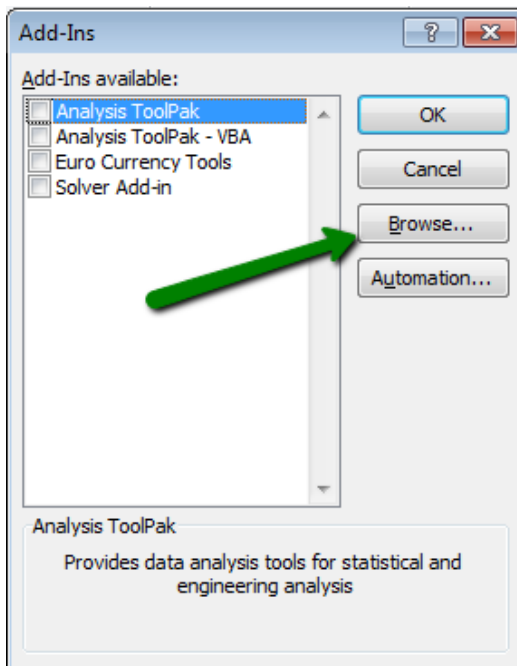

# Tip: Installing / Adding Business Activity Monitoring (BAM) Add-In to Microsoft Excel

In case if you install Microsoft Excel post BizTalk Server installation, you might not see Business Activity Monitoring - BAM add-in in Excel. (File Menu -> Options)

Just click on Go. In the Add-In dialogue, click browse

Go the folder "C:\Program Files (x86)\Microsoft BizTalk Server 2010\ExcelDir" and locate the file "Bam.xla".

This will add BAM Add-In to Excel.

Or in order to work temporarily with BAM, you can just open the file at path "C:\Program Files (x86)\Microsoft BizTalk Server 2010\ExcelDir" in of adding it to Excel.
